Technical Skills

Languages: PHP, Go(Golang), Python, JavaScript, TypeScript, SQL
Technologies/Frameworks: AWS, EC2, DynamoDB, S3, SQS, Lambda, Elasticsearch, Kubernetes, Docker, Kafka, Laravel, ReactJS, NodeJS

About Me

I have over 10 years of experience in software development. I apply object-oriented programming (OOP), SOLID principles, and design patterns to improve system architecture. My expertise also includes web and cloud technologies such as PHP (Laravel), Go, ReactJS, NodeJS SQL, and AWS.

Experience

Tech9   **Jan 2020**
Senior Software Engineer   *Pune, Maharashtra*

SuitePeach | *PHP(Laravel), Go, ReactJS, Electron*   **January 2021**
SuitePeach is a robust online management platform tailored for dance studios to organize online classes, studio operations, and user administration.

* Integrated secure payment processing to streamline transaction handling, serving a large user base effectively.
* Developed and deployed SuitePeach Live, Video, and Studio Applications, enhancing studio management and online dance class capabilities.
* Built a cross-platform product suite for virtual meetings and classes, leveraging webRTC for real-time video communication.

Lashbrook | *PHP(Laravel, slim), ReactJS*   **January 2020 – Dec 2020**
Lashbrook is an e-commerce platform dedicated to selling customizable and pre-designed rings.

* Designed and implemented a custom Laravel solution to replace Magento, enhancing backend management for admin transactions.
* Developed user-facing APIs utilizing Laravel and Slim frameworks to improve frontend interaction and performance.
* Managed backend functionality, including creation and administration of ring products, user roles, and permissions for seamless operational control.

GivingForce   **Nov 2016 – Jan 2020**
Senior Software Engineer   *Pune, Maharashtra*

* Contributed to the development and deployment of a CSR-based product, performing requirement analysis, development, and deployment tasks throughout the software lifecycle.
* Led a small team to design and implement a new feature, ensuring efficient collaboration and timely delivery.
* Converted a monolithic application into a client-server architecture, leveraging ReactJS and PHP to improve application scalability and performance.

OAB Studios   **Aug 2015 – Oct 2016**
Software Engineer   *Pune, Maharashtra*

* Migrated projects from CMS platforms such as WordPress and Magento to Laravel, enhancing application performance, security, and scalability.
* Led end-to-end conversion processes, including data migration, backend reconfiguration, and integration of Laravel-specific features to optimize functionality.

Xpertrix   **Aug 2014 – Jul 2015**
Freelance Software Engineer   *Pune, Maharashtra*

* Worked on building custom plugins for CMS platforms like wordpress and magento for e-commerce companies.

DB Xento Systems   **Nov 2012 – Aug 2014**
Associate Engineer   *Pune, Maharashtra*

* Enhanced scalability for organizational growth by redesigning code structure and optimizing database repository.

Education

Pune University   **Jun. 2010 – May 2013**
Master of Computer Application   *Pune, Maharashtra*
